Office of the Tenant Advocate (OTA) has suspended its regular walk-in hours, Mondays through Thursdays, 9:00 am to 4:00 pm, for the duration of the Emergency. We are otherwise committed to providing our full range of services.

II. Tenant rights & protections during the Emergency²

- a. **Rent Increase Freeze & Rent Collection**
 - i. ***Rent increase freeze:***
 1. Rent increases during the Emergency are prohibited. This applies to rent controlled and non-rent controlled units alike.

¹ Mayor's Order 2020-079, Section II.

² Act 23-0326, the “Coronavirus Support Emergency Amendment Act of 2020” (effective 5/27/20; expires 8/25/20) repeals and replaces the following four measures: Act 23-0247, the “COVID-19 Response Emergency Amendment Act of 2020” (effective 3/17/20; repealed 5/27/20); Act 23-0286, the “COVID-19 Response Supplemental Emergency Amendment Act of 2020” (effective 4/10/20; repealed 5/27/20); Act 23-0299, the “COVID-19 Supplemental Corrections Emergency Amendment Act of 2020” (effective 5/4/20; repealed 5/27/20); Act 23-0317, the “Coronavirus Omnibus Emergency Amendment Act of 2020” (effective 5/13/20; repealed 5/27/20). Act 23-0332, the “Coronavirus Support Clarification Emergency Amendment Act of 2020” (effective 7/7/20; expires 10/4/20) amends Act 23-0326 with respect to rent payment plans.

2. Any rent increase notice that was issued during the Emergency, or that was to take effect during the Emergency, is null and void. The landlord must issue a new 30-day notice when the Emergency ends.
 3. Any rent increase notice that was issued before the Emergency, but that was to take effect after the Emergency, is also null and void. The landlord must issue a new 30-day notice when the Emergency ends.
- ii. **Tenant duty to pay frozen rent amount:** The laws governing tenant's duty to pay rent, other than rent increases, have not changed.
1. Except as explained in item (iv) below, the tenant is still obligated to pay rent in the amount charged just prior to the start of the emergency.
 2. In the event of financial hardship, the tenant should notify the housing provider and ask for an alternative payment plan. Any such plan should be put in writing and should be achievable.
- iii. **Mortgage relief:**
1. A mortgage lender must create a mortgage deferment program.
 2. Lenders must report approved applications to the D.C. Department of Insurance Securities and Banking (DISB) on or before June 4th and then every 15 days thereafter.
 3. DISB must publish a list of approved applications.
 4. An owner who qualifies for a mortgage deferral must notify all tenants within 5 days of the availability of a rent payment plan (see below).
- iv. **Rent Payment Plans:**
1. Landlords must develop a rent payment plan and make it available to tenants during the Emergency and for one year thereafter.
 2. The plan must cover all rent due during the Emergency, and for up to one year thereafter, so long as the tenant remains a tenant.
 3. The landlord must also include in the rent payment plan any amenity fee or other fee that is a part of the lease.
 4. To be eligible, a tenant must demonstrate to the landlord that the Emergency caused the tenant a direct or indirect financial hardship.
 5. Rent payment plans must have a minimum term length of one year, unless the tenant requests a shorter term.
 6. Any repayment of the deferred rent amount shall be made in equal monthly installments, unless the tenant requests otherwise.
 7. The tenant cannot lose any rights under the lease by entering into a payment plan.
 8. Landlords must establish an application procedure, and must accept applications by telephone and online; the landlord cannot deny an application that includes certain supporting documentation.

9. The tenant may file a complaint with the Rent Administrator if the landlord denies their application for a rent payment plan.
 10. The landlord is not allowed to report to credit bureaus any delinquency arising from the tenant's participation in a payment plan.
- v. **Form of payment:** The laws governing the form of rent payments have not changed.
1. If the lease requires the tenant to pay by money order or in a fashion that requires the tenant to leave their home, the tenant may contact the housing provider to discuss alternative payment options.
 2. Alternative options may include paying rent online via a wire transfer or an app such as Venmo, PayPal, Zelle, or otherwise.
 3. The agreement should be in writing, and it should specify the period of time during which the agreed upon options are available to the tenant (likely at least until the Emergency ends).
- b. **Evictions**
- i. Landlords are prohibited from evicting any tenant during the Emergency.
 - ii. Landlords are prohibited from filing an eviction complaint during the Emergency and for 60 days thereafter.
 - iii. Landlords are prohibited from serving eviction summonses during the Emergency.
 - iv. Landlord cannot evict a tenant without a Court order; following the Emergency, landlord must schedule the eviction anew, and then provide tenant with 21 days' notice of the eviction date.
- c. **Utility Services & Late Fees**
- i. Utility companies (electric, gas, water, cable, and telecommunications) are prohibited from disconnecting services during the state of emergency and for 15 days following the end of the emergency.
 - ii. Please note, cable and telecommunications companies may reduce services due to the nonpayment of a bill, so long as they maintain a basic level of service.
 - iii. Housing providers are prohibited from charging a late fee during the emergency. A fee for late payment of rent due March 1st remains valid, if the grace period expired before the start of the Emergency on March 11th.
- d. **Utility Payment Plans**
- i. A utility provider (gas, electric, DC Water, telecommunications, cable) must offer a payment plan for eligible customers for amounts that come due during the program period.
 - ii. The "program period" is the PHE plus:
 1. 60 days for a cable or telecommunications operator not regulated by the Public Service Commission.

2. Six months for any other utility provider.
 - iii. To be eligible, a customer must notify the provider of an inability to pay all or a portion of the amount due as a result of the public health emergency.
 - iv. During the PHE, a utility provider regulated by the Public Service Commission shall reconnect service to occupied residential property upon customer request and not charge a fee for this reconnection.
- e. **Deadlines for the exercise of tenant and tenant association rights**
- i. All deadlines for the exercise of tenant and tenant association rights under both the Rental Housing Act of 1985 and the Rental Housing Conversion and Sale Act of 1980 (including TOPA) have been extended.
 - ii. Specifically, any such deadline is tolled – or paused – until the end of the Emergency plus an additional 30 days.
 - iii. Example:
 1. Tenants in a building with 5 or more units receive an offer of sale on March 1, 2020, from the housing provider.
 2. Under the law, they have 45 days, or until April 15, 2020, to create a tenant association and submit to the landlord a letter of interest in purchasing the building.
 3. On March 11, 2020, the Mayor declares a state of emergency.
 4. When the Mayor lifts the state of emergency, the tenants will have a total of 65 days (45 – 10 + 30) to respond to the offer of sale.
- f. **Tenant Notices of Intent to Vacate**
- i. The tenant may elect to toll or pause a Notice of Intent to Vacate submitted to the landlord prior to the Emergency for the Emergency's duration.
 - ii. When the Emergency ends, the tenant will have exactly the same number of days remaining to vacate unit as they had before the Emergency started.
 - iii. The tenant will not be deemed to be a “holdover tenant,” one who fails to vacate by the date promised. This is important because under DC law, a holdover tenant can be evicted and is liable for double the rent.
- g. **Landlord access to rental units**
- i. The laws governing landlord access to a rental unit have not been specifically changed. The landlord could be within their rights to enter the unit to conduct repairs, inspections, to show the unit to a prospective purchaser, etc.
 - ii. The tenant should be aware of the existing law. Except in the case of an emergency situation in the building, the landlord must provide the tenant with:
 1. A 48-hour written notice (a text message or email suffices); AND
 2. Can only access the unit Monday through Saturday, between 9 am and 5 pm, except for District holidays, unless the tenant agrees otherwise.

- iii. Regarding concerns about spreading the COVID-19 virus, the tenant may request that the landlord defer non-essential work until after the emergency, and inquire about the health and safety precautions being taken. All parties should:
 - 1. Practice social distancing;
 - 2. Wear protective gear (masks and gloves) as appropriate;
 - 3. Make sure that the apartment is cleaned / disinfected after visitors leave;
 - 4. Wash hands with soap and hot water for 20 seconds.

- h. **Cleaning of Common Areas**
 - i. Landlord must clean common areas on a regular basis, including surfaces that are regularly touched, such as doors, railings, seating, and the exterior of mailboxes.

- i. **Requirement of Masks in Residential Buildings**
 - i. All “essential businesses”—including residences and residential facilities—must ensure employees, contractors, and visitors wear a face mask and honor social distancing upon entering the building.
 - ii. Essential businesses are required to post signage at their entrances instructing all employees, contractors, customers, guests and visitors to:
 - 1. Wear a mask or face covering;
 - 2. Maintain six (6) feet of distance from each other person who is not part of their household;
 - 3. Cough and sneeze away from people and into one’s elbow or shirt; and
 - 4. Not shake hands or engage in any other unnecessary physical contact.³
 - iii. Individuals must wear a mask in the common areas of apartments, condominiums and cooperatives.
 - iv. Individuals may report violations of the Mayor’s order for not wearing masks to the Office of the Attorney General. Individuals found in violation of the Mayor’s order may be subject to fines up to \$1,000 per violation.⁴

- j. **Amenity Fee Refunds at rent controlled units**
 - i. Where the tenant pays an amenity fee in addition to the rent, and where the amenity is made temporarily unavailable as is consistent with an Emergency order, the landlord must provide a pro rata refund of the fee.
 - ii. Where a service or facility fee is lawfully included in the rent charged, and the service or facility is made temporarily unavailable as is consistent with an Emergency order, the landlord does not have to reduce the rent charged.

³ Items (i) and (ii) are found in Mayor’s Order 2020-066, Section IV.

⁴ Items (iii) and (iv) are found in Mayor’s Order 2020-080, Sections II and VII.

III. Tenant Associations (TA)

- a. A TA should heed the COVID-19 Emergency orders and recommendations of District government and the Center for Disease Control, including not hosting in-person meetings involving social gathering.
- b. If a TA needs to hold a special meeting, it should explore and execute an online option.
- c. If a TA needs to hold a vote during the emergency, the TA should consider amending the bylaws to permit electronic, online, or virtual voting as appropriate.
